

PRAHALAD RAJBHAR

Mechanical Fitter | Vehicle Quality Test Driver | Assembly Technician

132 Kha, Vill. Majhwallia, Post Nawanagar, Tahsil Sikandarpur, District Ballia, Uttar Pradesh - 221717, India
+91 6386828502 prahaladrajbhar4@gmail.com

PERSONAL INFORMATION

Date of birth	06 January 2000
Nationality	Indian
Gender	Male
Driving licence	LMV (Light Motor Vehicle) - valid Indian licence

WORK EXPERIENCE

Mechanical Fitter & Vehicle Quality Test Driver

Maruti Suzuki India Limited (formerly Suzuki Motor Gujarat Pvt. Ltd.)

Hansalpur Plant, Gujarat, India | July 2025 - Present

Business: Automobile manufacturing (passenger vehicles) - assembly and post-production quality testing.

Current position - Post-Assembly Drive Test & Quality Inspection

- Drive newly assembled cars on the plant test track to check handling, power delivery, steering feel, gear changes and braking performance.
- Work directly alongside Senior Quality Engineers who ride in the test vehicle to record real-time diagnostic logs and performance data.
- Listen and feel for Noise, Vibration and Harshness (NVH), mechanical misalignments, or electronic dashboard fault warnings during test drives.
- Report identified mechanical or electrical faults back to assembly supervisors so the line can correct quality issues at source.

Initial position - Gas Leak Testing & Safety Assembly Line

- Operated pneumatic leak testing machines and pressure gauges to verify fuel lines, gas systems and pressurised seals.
- Followed exact OEM pressure safety standards and standard operating procedures to maintain zero-defect output.
- Earned an internal transfer and promotion to the Drive Test team within a few months, based on consistent discipline and testing accuracy.

EDUCATION AND TRAINING

Year	Qualification & Institution	Result
2024	National Trade Certificate (NTC) - Fitter Trade National Council for Vocational Training (NCVT), India Practical training: bench fitting, precision measuring tools, lathe operations, blueprint reading, pneumatic tools, workshop safety.	89.91%
2023	Bachelor of Arts (B.A.) Jananayak Chandrashekhar University (JNCU), Ballia, Uttar Pradesh	54.72%
2016	Senior Secondary Education (12th Class) Uttar Pradesh State Board (UP Board), India	73.85%
2014	Secondary School Education (10th Class) Uttar Pradesh State Board (UP Board), India	75.16%

PERSONAL SKILLS	
Mother tongue	Hindi
Other languages	See self-assessment grid below.
Communication skills	Good team communication built by working daily alongside quality engineers and assembly supervisors, reporting technical faults clearly and following up on corrective action.
Organisational / managerial skills	Reliable and disciplined on the shop floor - this consistency led to an internal transfer and promotion from the safety assembly line to the Drive Test team within a few months.
Job-related skills	- Quality inspection: dynamic track driving, handling checks, NVH evaluation, diagnostic feedback - Pressure testing: gas leak detection, pressure gauge checking, line testing - Mechanical fitting: bench fitting, component alignment, torque wrench operation, precision tools (calipers, micrometers) - Workplace standards: 5S cleanliness, safety rules, reading job cards and engineering drawings
Digital skills	MS Word, MS Excel, basic Photoshop, general computer operation.
Driving licence	LMV (Light Motor Vehicle)

Language	Listening	Reading	Writing	Speaking (interaction)	Speaking (production)
Hindi	C2	C2	C2	C2	C2
English	B1	B1	A2	A2	A2
German	A1*	A1*	A1*	A1*	A1*

* German - currently learning; willing to reach working level for a relocation opportunity.

ADDITIONAL INFORMATION	
Mobility	Open to relocating to Germany, Poland, Slovakia, Czech Republic, Romania and other European countries under employer work-permit sponsorship.
Shift work	Comfortable with rotating shift schedules in an industrial plant environment.
Travel document	Holds a valid Indian passport, ready for visa filing.
